Rick Joyner and the order „Knights of Malta“

background material and links to our last newsletter

In the last newsletter of the jewish-messianic fellowship I did write about Rick Joyner, his false teachings and his membership at the occult high-grade masonic order „knights of malta“. Many requests reached me that wanted to know, where I got my informations from. Therefore I made this documentation.

Please read and proof it. This is a serious matter

A interview with Rick Joyner

at the **Internetseite von Rick Joyners „morningstar ministries“**

http://www.morningstarministries.org/pages/questions/answer_index/Oct_1_2001_knights.html

is a interview with Rick Joyner proofing his membership with the knights of malta
Joyner praises the knights as worrier for christ.

All the ones that are critically to this, are stupid and paranoid in his eyes.

Joyner does say, that the knights are not occult at all.
below you will find the proof, that they are.

Joyner gives a new definition af christianity. See how Kurt Waldheim became a christian.
Waldheim was a nazi war-criminal, that never repentet in his livetime.
